

## DevOps Engineer (f/m/d)

You are a team player and want to help scaling a fast-growing Austrian start-up? You are interested in digital business models and you have an affinity for online marketing/e-commerce? You are passionate about Continuous Deployments & Integration, as well as building up a reliable infrastructure?

Then shopstory is the right place for you! Together we want to revolutionize the online marketing market with our proprietary AI-based software and give our customers (online shops) an effective tool to succeed in the digital world.

### Your tasks:

- Planning, buliding & maintaining a scaleable cloud infrastructure with AWS
- Automating deployments with coded infrastructures such as AWS CDK
- Integration & supervision of error & performance monitoring solutions
- Continuous development of automated validation & testing suites
- Optimizing & automating various development processes in collaboration with the whole development department
- Coordination of DevOps projects with our CTO & product management

### Your profile:

- Experience in DevOps Engineering and Software Development
- Ideally, experience with AWS, NodeJS, CI/CD pipelines
- Enthusiasm for modern (web) technologies
- Independent and result-oriented way of working, high willingness to learn
- Good spokenand written skills in German and English

### Your time with us:

- Tasks with room for personal initiative, independence and responsibility
- Startup working atmosphere (including work equipment) in an interdisciplinary team with flexible working hours as well as a nice office with a fitness area
- Further employee benefits (e.g. prepaid card with budget for restaurant visits worth4,40€ per workday)
- Monthly Co-working events (intern and extern)
- Compensation with appropriate qualifications: a gross monthly salary starting at €3,000.
