

Junior Quality Assurance Engineer (f/m/d)

You are a team player and want to help scaling a fast-growing Austrian start-up? You are interested in digital business models and you have an affinity for online marketing/e-commerce? You want to become an expert in ensuring product reliability?

Then shopstory is the right place for you! Together we want to revolutionize the online marketing market with our proprietary AI-based software and give our customers (online shops) an effective tool to succeed in the digital world.

Your tasks:

- Continuous development of automated testing suits using JS-based technologies like Playwright & Jest
- Conception of automated test plans in collaboration with product management & developers
- Recording & development of automated tests
- Creation of abstractions & reusable testing units to improve the testing experience
- Helping to establish good testing practices & habits in the whole development department

Your profile:

- 1+ years of experience in Quality Assurance or Testing
- Experience with JavaScript or Typescript
- Enthusiasm for modern (web) technologies
- Reliable and quality-conscious teamplayer
- exact way of working and high willingness to learn
- Good spoken and written skills in German or English

Your time with us:

- Tasks with room for personal initiative, independence and responsibility
- Startup working atmosphere (including work equipment) in an interdisciplinary team with flexible working hours as well as a nice office with a fitness area
- Further employee benefits (e.g. prepaid card with budget for restaurant visits worth 4,40€ per workday)
- Monthly co-working events (intern and extern)
- Compensation with appropriate qualifications: a gross monthly salary starting at €2,500.
